

## Large-scale retail trade and value-added retailer services

AMoneyVAS comes from Argentea's twenty-year experience in Large-scale retail trade, targeting directly retailers wanting to offer further services, linked to cash-registers in their stores, thus providing a larger offer portfolio for customers.

### AMONEYVAS ALLOWS:

- ▶ Offering innovative POS-related services to your clientele.
- ▶ Incrementing the offer's reach and subsequently its gross income.

### THE AMONEY VAS SYSTEM INFRASTRUCTURE:

- ▶ One centralized AMoneyVAS Server, hosted in Argentea's main Datacenter in Trento.
- ▶ One centralized AMoneyVAS Backup Server, hosted in Argentea's secondary Datacenter in Milan.
- ▶ A software module (Windows or Linux) to be installed on cash-registers to allow communication with AMoneyVAS's servers to manage value-added services.

#### ARGENTEA IS CERTIFIED

## PIN DISPATCHING

AMoneyVAS's Pin Dispatching service allows for a wide range of prepaid services, directly at the retailers' cash-registers.

Prepaid services include:

- Major phone Providers charge cards (Vodafone, TIM, Wind, Tre, etc.)
- Pay tv (Sky, Mediaset) and international charge cards
- Gambling accounts charge cards (Bwin, William Hill, etc.)
- Online purchase vouchers and gift cards for assorted brands.

## DEMATERIALIZATION OF PAPER LUNCH VOUCHERS

AMoneyVAS allows the dematerializing and cashing in of paper lunch vouchers issued by the main carriers.

The barcode on the meal voucher is read by the cash-registers' scanner, to be then validated and verified in real-time, which marks it as "used" with the maximum available amount and without any chance of counterclaim by the issuer. AMoneyVAS works with all lunch vouchers provided by the most renowned and used carriers.

## CASHING IN OF FILLED-IN POSTAL BILLS

The cashing in of filled-in postal bills via third party networks is an additional service meant to draw new clientele and boost the originally provided, setting the retailer aside from its competitors.

The customer will be able to pay filled-in postal bills directly at the cash-register, without having to go to the post office. A small intermediation margin is given to the retailer for his service on behalf of Poste Italiane, directly stipulating a business agreement with them. The aforementioned postal bills will then be visible on the AMoney web portal.
